NM VFC Temperature Log for Vaccines (Fahrenheit) Region 4B Unit ___ of ___ Month/Year: _____ Days 1-15

Completing this temperature log: Monitor the temperatures in both the freezer and the refrigerator compartments of your vaccine storage units at least twice each working day. Place an "X" in the box that corresponds with the temperature. Also record the ambient (room) temperature, the time of the temperature readings, and your initials. Save each month's completed form for 3 years.

If the recorded temperature is in the shaded zone: 1. Store the vaccine under proper conditions as quickly as possible. 2. Call Helen Hall (575) 397-2463 Ext. 6516 or VFC Immunization Program-Santa Fe (505) 827-2415 for further assistance. 3. Call the vaccine manufacturers* to determine whether the potency of the vaccines have been affected. 4. Document the advice given and the actions taken on the VFC Troubleshooting Record.
